McQ Inc. Receives Production Order for SBInet Program for Unattended Ground Sensors

McQ Inc. receives \$4.8 million production order from The Boeing Company to supply our OmniSense® unattended ground sensor system for the SBInet program. Under a Boeing Basic Ordering Agreement, McQ is providing sensors for deployment on the U.S. Southern border in the Tucson and Ajo sectors. These OmniSense® sensors are used to detect illegal border activity as part of Department of Homeland Security efforts to protect the United States Borders.

McQ Inc., a small business, is located in Fredericksburg, VA and is a supplier of Unattended Ground Sensor Systems to the United States Army, the United States Marine Corp and other government agencies. McQ is very proud of its ability to provide a sensor system that helps in the mission to secure the United States of America.
